BIZA · POINT OF SALE

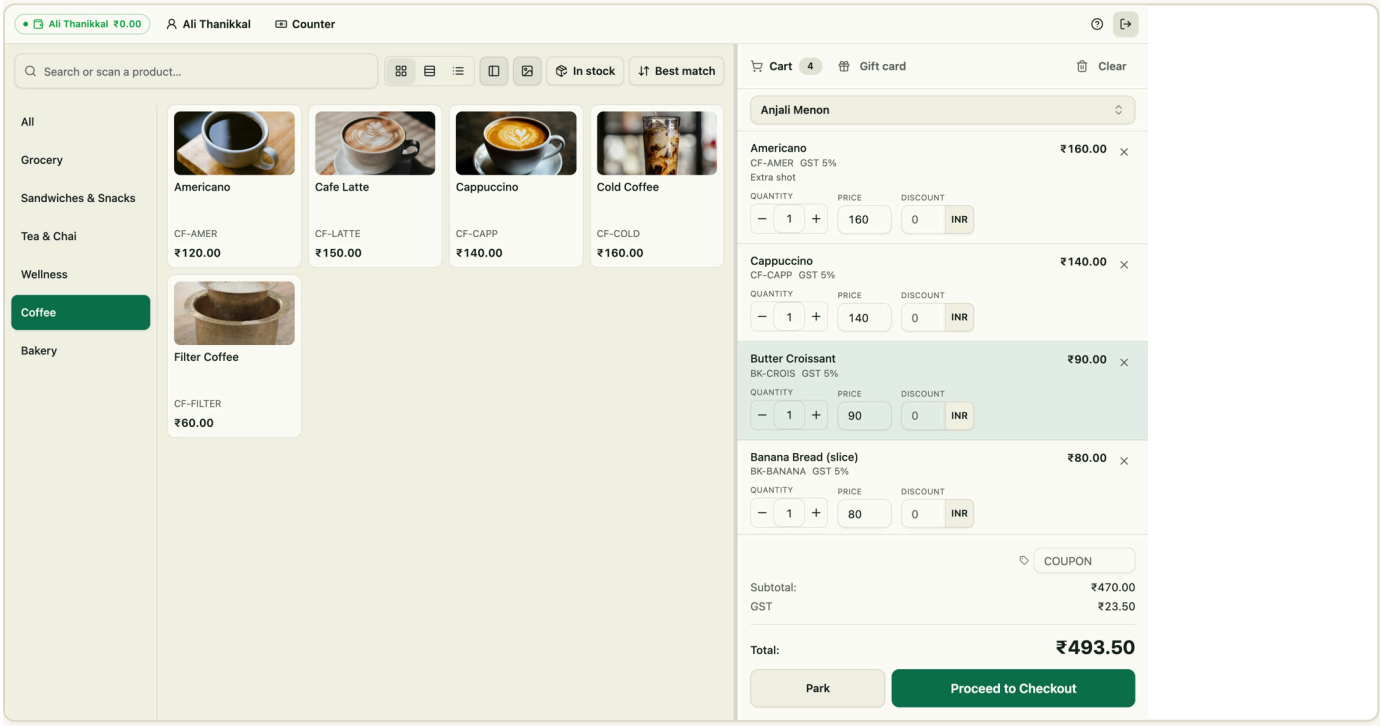

Which counter do you run?

Thirteen editions of one point of sale · September 2026

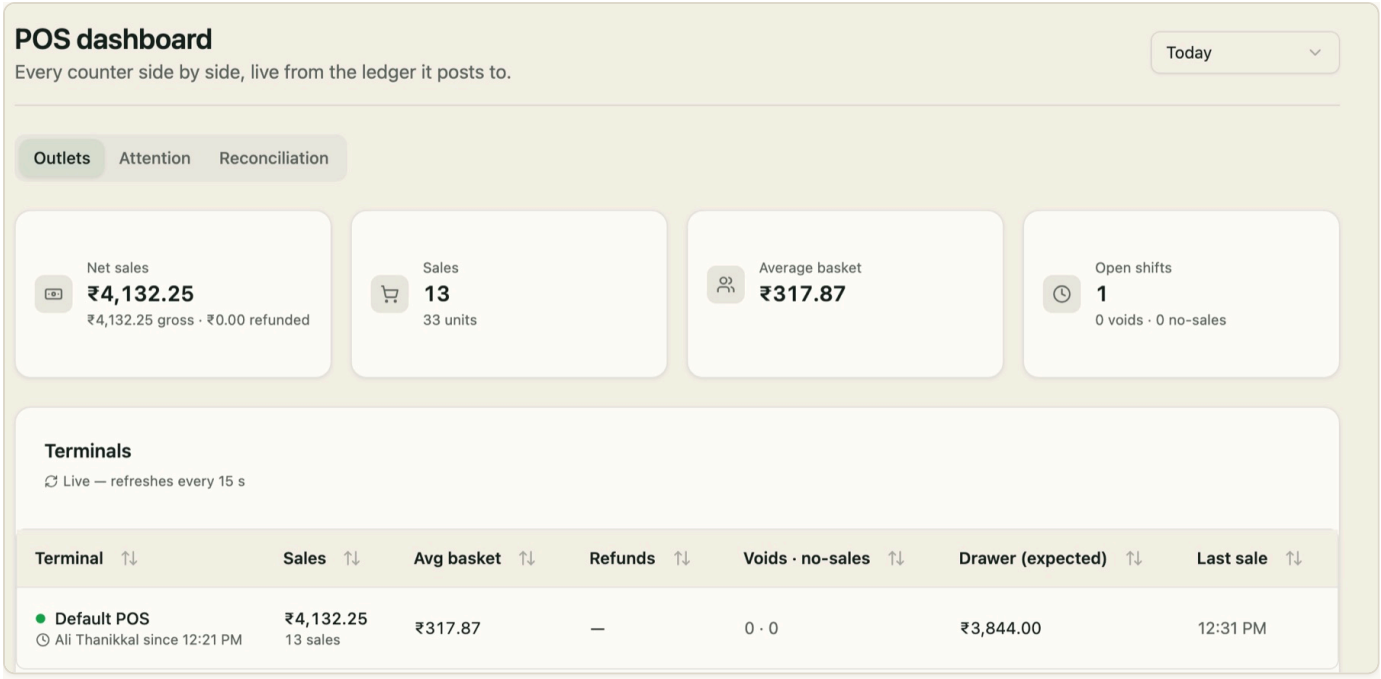

Every edition below is the same product: one counter that writes the tax invoice, the journal entry, the stock movement and the payments in a single step, online or offline. What changes is which parts of it matter at your counter.

EDITION	WHAT IT LEADS WITH
PHARMACY & MEDICAL STORE The counter where expiry is the job `pos-pharmacy.pdf`	Batches picked soonest-first, expired stock refused, the batch printed on the slip and restocked on a return.
RESTAURANT Tables, kitchen and bill on one order `pos-restaurant.pdf`	Floors and tables, modifiers, kitchen tickets per station, split bills, tips, service charge, QR ordering.
CAFE & QUICK SERVICE A queue that never waits for the software `pos-cafe-qsr.pdf`	Walk-up orders, options without slowing the line, a bar screen, a self-checkout lane and points for regulars.
SUPERMARKET & GROCERY Lanes, scales, and a drawer that reconciles `pos-supermarket.pdf`	Scale labels, promotions that cost a line in the ledger, a shift per lane and a blind count at close.
ELECTRONICS & MOBILE The unit you sold, not one like it `pos-electronics.pdf`	Serial numbers chosen at the counter, printed on the slip, restocked exactly on a return.
FASHION & FOOTWEAR Size, colour, and the deal that goes with them `pos-fashion.pdf`	Variants on one card, buy-X-get-Y applied as the basket fills, exchanges settled on store credit.
HARDWARE & BUILDING MATERIALS A trade counter and a retail counter, in one queue `pos-hardware-trade.pdf`	Quantity breaks per customer group, goods by length and weight, transfers to the yard and the site.
BAKERY, BUTCHER & DELI Weighed, priced and gone before it cools `pos-bakery-deli.pdf`	Weight labels read at the counter, freshest-out picking, and the day's waste written off against its batch.

EDITION	WHAT IT LEADS WITH
WHOLESALE & CASH AND CARRY Case prices at the counter, credit in the ledger `pos-wholesale-cash-carry.pdf`	Breaks by quantity and group at the counter; terms, statements and ageing for account buyers in Sales.
CONVENIENCE & FORECOURT Open at five, honest at midnight `pos-convenience-forecourt.pdf`	Offline sales that post exactly once, PIN handovers on one drawer, and no drawer open without a reason.
HOTEL F&B AND RETAIL OUTLETS The restaurant, the pool bar and the same ledger as the rooms `pos-hotel-outlets.pdf`	A property management system for the stay, a counter per outlet, service charge and tips handled properly.
AUTOMOTIVE PARTS & WORKSHOP The parts counter beside the workshop bay `pos-auto-parts-workshop.pdf`	Counter sales, work orders and reservations drawing down one shelf, with serials where warranties depend on them.
EQUIPMENT RENTAL COUNTER What goes out on hire, and what goes out in a bag `pos-rental-counter.pdf`	Agreements and availability in Rentals, consumables sold at the counter, one ledger underneath.

The counter: a named regular, options priced on the line, GST worked out as the cart fills.

The day so far, live from the ledger the counter posts to.

WHAT EVERY EDITION SHARES

- The sale is the accounting: invoice, journal, stock and tenders in one transaction
- ESC/POS printing on 58 mm and 80 mm, network or USB, with a cash drawer
- Cashiers as real users, switching by PIN, with server-enforced permissions
- Serial, batch and expiry tracking with returns that restock the exact unit
- Offline-first, with exactly-once posting when the connection returns
- Shifts, counted floats, blind counts, variance and audited drawer opens
- Promotions, price lists, loyalty points, gift cards and store credit
- Country packs: ZATCA (Saudi Arabia), GSTIN and UPI (India), TRN (UAE), and more

Every edition closes with **The whole counter**: the full list of what the product does, the same in all thirteen, so nothing is left out because it belongs to another trade.

NEW IN EVERY EDITION

- **Recipes that deduct ingredients** when a dish, a drink or a loaf is sold, costed and checked against the shelf.
- **Account payments at the counter:** the khata settled where it was run up, oldest invoices first, counted in the drawer.
- **Loyalty tiers and punch cards** next to points, with rewards issued as store credit.
- **Counter compliance:** ID checks, prescriptions and a controlled-drug register, batch recalls, warranty claims by serial.
- **Tables that move and merge, comps with a daily limit and a report, the bill printed before payment, delivery orders and a kitchen log** for restaurants, cafes and hotel outlets.
- **Trade-ins, rental deposits, charge-to-room, order-ahead pickup and table reservations** — each in the edition it belongs to.

Integrations on request: card terminals from your country's acquirer (Geidea and mada in Saudi Arabia, Pine Labs and Razorpay in India, Stripe elsewhere).

Screens from a demo workspace, "Cardamom Cafe & Store" in Kochi.
